# **BODGER'S**

## **Unrivalled Flower Seeds**

---

We take pleasure in presenting to our customers this season an extensive price list, covering Flower Seeds for florist and general use.

All of the old favorites are included, as well as novelties, and this year we have added various sorts of Flower Seeds not previously grown in the United States, to accommodate those of our customers who wish to entrust us with a general order.

### **"GROWING OUR OWN"**

It is our policy to grow our own FLOWER SEEDS, personally, on our own land. We are nearer to the complete realization of this ideal today than we have ever been before. Besides our large acreage at El Monte, we have established a growing station at Lompoc, California, where we grow Sweet Peas and many spring annuals which thrive in that locality.

The advantage of this concentration of effort and consequent elimination of conflicting standards is incalculable. To this policy of "Growing Our Own," we lay our reputation for reliability, and such distinction as we have gained in the field of floriculture.

### **OUR GOLD MEDAL DAHLIA FLOWERED ZINNIAS**

The Royal Horticultural Society of England recognized our DAHLIA FLOWERED ZINNIA as a distinct advance in flower culture, by the granting of an "Award of Merit" for the strain and a Gold Medal for the group exhibited in the London Show in July, 1924. This recognition came as a culmination of ten years of effort to improve and popularize the Zinnia.

### **OUR NEW VENTURE—BULBS**

Four years ago we determined to add BULBS to our list of specialties. Our soil and climatic conditions at El Monte have

been adjudged by experts as ideal for this industry, and we are gradually increasing our acreage.

We are offering this year a large assortment of Iris, Amaryllis, Freesias, etc.

In 1926 we expect to have on hand a good stock of Narcissus; including Paperwhites Grandiflora and Grand Soleil d'Or, as well as King Alfred and other leading varieties of florist Narcissus.

We take this opportunity to thank our many friends for their liberal patronage during the past season. We earnestly hope that the quality of our seed and the prompt **SERVICE** which we are endeavoring to extend to all will warrant a continuance of this support.

—A Generation of Service—

# ASTERS

We have under cultivation a large tract of land of an alluvial and peat composition which is sub-irrigated from mountain springs.

In this soil, we are able to grow Asters with a minimum of trouble from the diseases common to this plant. Usually there is no rain in Southern California from planting time until harvest. Seed grown under these conditions is of high vitality.

Conditions are thus ideal for us to carry out our program of rigid roguing. Our care in reselection has enabled us to improve old varieties and to establish new types.

## NEW ASTERS OF OUR OWN PRODUCTION

We have noted with pleasure the steadily increasing popularity of the Beauty Aster as a florist's flower. The colors are good, and their keeping qualities unsurpassed. They are excellent shippers.

### LATE BEAUTY TYPE

Plants about 2 to 3 feet high, of branching habit, commencing to bloom in early September and lasting until destroyed by frost. Flowers large, borne on long and stout stems, from 18 to 24 inches. This applies to all of the Beauty Class, making them most desirable for cut flowers.

	Per oz.	Per ¼ lb.	Per lb.
.....Azure Fairy, pleasing light blue.....	.75	2.50	8.00
.....Carmine Rose (original Beauty intro- duced) .....	.75	2.50	8.00
.....Crimson .....	.75	2.50	8.00
.....Lavender, light grayish lavender.....	.75	2.50	8.00
.....Peach Blossom, very desirable.....	.75	2.50	8.00
.....Purple .....	.75	2.50	8.00
.....Rose, pleasing bright rose.....	.75	2.50	8.00
.....September Beauty, delicate flesh pink	.75	2.50	8.00
.....White Beauty, Giant white.....	.75	2.50	8.00
.....Finest Mixed.....	.75	2.50	8.00

### EARLY BEAUTY TYPE

This type has all of the characteristics of the Late Beauty Type, and is valuable for locations where the season is too late to flower the late type before frost, and for early forcing.

We wish to emphasize, however, that this is not an Early Aster as compared with Early Express or Queen of the Market, but

## ASTERS—Continued

earlier than the Late Beauty Type which is the latest of all Asters. Planted at the same time this type flowers with the Crego and American Branching. Please note we have added three colors to this type.

	Per oz.	Per ¼ lb.	Per lb.
..... Azure Fairy, pleasing light blue.....	1.00	3.50	12.00
..... Carmine Rose.....	1.00	3.50	12.00

..... Peach Blossom .....	1.00	3.50	12.00
..... Purple .....	1.00	3.50	12.00
..... Rose .....	1.00	3.50	12.00
..... September Beauty, delicate flesh pink	1.00	3.50	12.00
..... White .....	1.00	3.50	12.00
..... Finest Mixed .....	1.00	3.50	12.00

### A NOVELTY OF MERIT

#### California Giants

Since introducing the Beauty Type we have frequently received inquiries for a Crego with the robust habit of growth and length of stem that characterizes the Beauty Type. After several seasons of hybridizing and selection we now take pleasure in offering a type characterized by the Beauty's vigorous growth and the Crego or Ostrich Feather type of flower. A true non-lateral type.

The flowers are much larger and more substantial than the Improved Crego. They measure 5 to 6 inches in diameter, and stand up well when shipped as cut flowers. Their immense size and beauty, as well as their long and sturdy stems make them very attractive when arranged in floral work, and they well deserve their name:

	Per oz.	Per ¼ lb.	Per lb.
..... Peach Blossom .....	2.50	8.00	25.00
..... Light Blue .....	2.50	8.00	25.00
..... Light Purple .....	2.50	8.00	25.00
..... Deep Rose .....	2.50	8.00	25.00
..... Dark Purple .....	2.50	8.00	25.00
..... Mixture of Above.....	2.50	8.00	25.00

### EARLY FLOWERING TYPES

#### Extra Early Express, or Early Wonder

These are the earliest blooming Asters, commencing to bloom with us in June. Flowers large and full, of the Comet type.

	Per ¼ lb.	Per lb.
..... Carmine Rose .....	3.00	10.00
..... Dark Blue .....	3.00	10.00
..... Lavender .....	3.00	10.00

## ASTERS—Continued

.....Rose Pink (Lavender Pink).....	2.00	6.00
.....Shell Pink .....	2.00	6.00
.....Finest Mixed .....	1.75	5.50

### Ostrich Feather

We consider these the finest of the Comet or Ostrich Feather class, having long, full, fluffy flowers. Plants about 2½ feet high and robust in growth.

.....White, turning to Sky Blue.....	2.00	6.00
.....Cinnabar .....	2.00	6.00
.....Crimson .....	2.00	6.00
.....Dark Blue .....	2.00	6.00
.....Deep Rose .....	2.00	6.00
.....Light Blue .....	2.00	6.00
.....Rose Pink (Lavender Pink).....	2.00	6.00
.....Shell Pink .....	2.00	6.00
.....Sky Blue .....	2.00	6.00
.....White .....	2.00	6.00
.....Finest Mixed .....	1.75	5.50

## ASTERS—Continued

### Upright Branching

Plants erect in growth, 2 to 3 feet high. Branches short and erect. Flowers large and like the late branching.

	Per ¼ lb.	Per lb.
.....Crimson .....	1.75	5.50
.....Deep Rose .....	1.75	5.50
.....Flesh Pink .....	1.75	5.50
.....Lavender .....	1.75	5.50
.....Purple .....	1.75	5.50
.....Rose Pink (Lavender Pink).....	1.75	5.50
.....White .....	1.75	5.50
.....Finest Mixed .....	1.75	5.50

### Astermum

Plants about 2 feet high, branching habit. Flowers large, double, well-formed Comet class and a little earlier than Crego's.

.....Lavender .....	2.00	6.00
.....White .....	2.00	6.00
.....Rose Pink .....	2.00	6.00
.....Finest Mixed .....	1.75	5.50

### Giant Victoria (Washington)

Plants 2½ feet, erect and robust habit. Flowers similar to Victoria type but much larger. A magnificent variety.

.....Carmine .....	3.00	10.00
.....Cinnabar .....	3.00	10.00
.....Dark Blue .....	3.00	10.00
.....Fiery Scarlet .....	3.00	10.00
.....Light Blue .....	3.00	10.00
.....Rose .....	3.00	10.00
.....White .....	3.00	10.00
.....Finest Mixed .....	2.50	8.00

### Mikado or Rochester

Plants about two feet high, branching habit. Flowers of the Comet class, large and double.

.....Crimson .....	2.00	6.00
.....Dark Violet .....	2.00	6.00
.....Lavender .....	2.00	6.00
.....Pink (Rochester) .....	2.00	6.00
.....Deep Rose .....	2.00	6.00
.....White .....	2.00	6.00
.....Finest Mixed .....	1.75	5.50

## ASTERS—Continued

### MISCELLANEOUS VARIETIES

#### Heart of France

Plants about 2 feet high, branching habit. Flowers medium size.

	Per ¼ lb.	Per lb.
.....Rich Dark Red.....	2.50	8.00

#### Crimson Giant

Plants of upright growth, about 2½ feet tall. Flowers large, double, bright crimson and very showy. This is one of the most fascinating colors, viewed from a distance.

.....Crimson Giant .....	2.00	6.00
--------------------------	------	------

#### Lavender Gem

Plants about 18 inches tall, upright habit. Flowers Comet type, silvery white when young, changing to light lavender when fully expanded.

.....Lavender Gem .....	2.00	6.00
-------------------------	------	------

#### Moreton Pink

This is of the upright Comet type. It is a beautiful shade of flesh or malmaison pink and is very desirable.

.....Moreton Pink .....	2.00	6.00
-------------------------	------	------

#### Ball's White

Pure white, branching habit, medium early.

.....Ball's White .....	3.50	12.00
-------------------------	------	-------

#### New Fancy Yellow

This is by far the best yellow we have yet grown; it is fairly large and fully double.

.....New Fancy Yellow.....	3.00	10.00
----------------------------	------	-------

#### Sada Yakko

.....Flesh .....	2.50	8.00
------------------	------	------

#### Everlasting Flesh

This curious Aster was found in our fields a few years ago and it has retained its peculiar characteristics during the three years we have grown it in our trial grounds. It resembles a large *Helichrysum*; when cut and dried it retains its color and shape as an everlasting flower.

.....Everlasting Flesh .....	1.50	5.00
------------------------------	------	------

## ASTERS—Continued

### LATE FLOWERING TYPE

#### Bodger's Giant Branching Comet

Plants 2 to 3 feet high, branching habit, bearing a large quantity of fine Comet flowers, large and double.

	Per ¼ lb.	Per lb.
.....Crimson .....	1.75	5.50
.....Dark Blue .....	1.75	5.50
.....Lavender .....	1.75	5.50
.....Light Blue .....	1.75	5.50
.....Deep Rose .....	1.75	5.50
.....Rose Pink (Lavender Pink) .....	1.75	5.50
.....Royal Purple .....	1.75	5.50
.....Shell Pink .....	1.75	5.50
.....White .....	1.75	5.50
.....Finest Mixed .....	1.50	5.00

#### King (Needled Type)

These are mostly of upright habit (18 inches to 2 feet high). Flowers, large and double, petals quilled, making them distinct from all others and a very desirable class.

.....Blackish Blue (new) very dark.....	1.75	5.50
.....Crimson .....	1.75	5.50
.....Deep Flesh .....	1.75	5.50
.....Lavender .....	1.75	5.50
.....Pink, delicate light pink.....	1.75	5.50
.....Rose, brilliant rose.....	1.75	5.50
.....Shell Pink, beautiful shell pink.....	1.75	5.50
.....Violet, purplish violet.....	1.75	5.50
.....White, pure white.....	1.75	5.50
.....Finest Mixed .....	1.50	5.00

#### Late Express

Plants about 2½ feet high, branching habit. Flowers medium size, double and Comet type.

.....Azure Blue .....	2.00	6.00
.....Crimson .....	2.00	6.00
.....Dark Blue .....	2.00	6.00
.....Light Blue .....	2.00	6.00
.....Rose Pink (Lavender Pink) .....	2.00	6.00
.....Deep Rose .....	2.00	6.00
.....White .....	2.00	6.00
.....Finest Mixed .....	1.75	5.50

## ASTERS—Continued

### American Branching

(Also known as Vick's Branching)

Plants 2½ to 3 feet high, branching and robust habit. Flowers large, double and fine form. Our selected stocks of these are the best money can buy.

	Per ¼ lb.	Per lb.

---------------------------------------	------	-------

 We grow, on our own farms, more than two hundred acres of Asters under our own supervision.

Our business is growing—but “growing” is our business.

May we not grow for you?

# ZINNIAS

## BODGER'S GOLD MEDAL DAHLIA FLOWERED

In July, 1924, the Royal Horticultural Society of England granted an "Award of Merit" for the strain, and a **Gold Medal** for the group of Dahlia Flowered Zinnias exhibited in the London Show. This official recognition of the strain meant much to its originator, our late president, John Bodger, who had put forth the best efforts of his last years in perfecting this type.

The large size, fullness of petals, extraordinary color range, and good keeping qualities of this flower have all contributed to its popularity. It is easily grown, and keeps well when cut. It is at present immune from disease. Equally good as a garden flower and as a florist's specialty, its popularity should increase with years. It has been truthfully called "A NEW FLOWER FOR THE PEOPLE."

### A Florist's Moneymaker

This type is proving a good forcer among the florists. Polar Bear is forced and used extensively as a bunching flower for Mother's Day, while Exquisite, Old Rose, Golden State, Crimson Monarch and Canary Bird are specially recommended to force as desirable colors for florists for early Spring trade.

To assist in visualizing the true color, we have inserted, parenthetically, Ridgeway's Color Chart descriptions.

We offer all varieties as follows:

	Per. oz.	Per ¼ lb.	Per lb.
	3.00	10.00	35.00
.....EXQUISITE—By far the most pleasing of our collection. Truly DAHLIA flowered as regards form and size. Color light rose with center a deep rose. (Tyrian Rose.)			
.....OLD ROSE—This is adequately described by its name, as it is of the real Old Rose Shade; it is large, and for charm and beauty we consider it ranks next to Exquisite.			
.....ILLUMINATION—Similar to Exquisite, but a striking self color of deep rose. (Tyrian Rose).			
.....GOLDEN STATE—A very rich orange yellow (Cadmium). Yellow in the bud, turning to an attractive orange when in full bloom.			

## ZINNIAS—Continued

- .....**CRIMSON MONARCH**—By far the largest and best of the red shades. Flowers often eight inches in diameter. Plants very vigorous. A marvelous production of extraordinary merit.
- .....**GIANT ATTRACTION**—A distinct shade of brick red (Spectrum Red) which carries its color well from the bud, and forms into an immense ball of color when in full bloom.
- .....**SCARLET FLAME**—A large, beautiful, bright scarlet, with a delightful blending of orange throughout the petal. This is not a bicolor.
- .....**METEOR**—A rich, glowing deep red (Spinel Red) and the darkest of all the red shades. Fine form, with good depth of petal. Very large and more floriferous than other reds.
- .....**LEMON BEAUTY**—This is next to Crimson Monarch in size and form. It may be described as a golden yellow on brown. Decidedly a pastel shade, and should be in every collection. (New.)
- .....**ORIOLE**—We consider this the most beautiful of its class. It is an immense orange and gold bicolor, changing slightly as it ages, but at all times worthy of the beautiful bird for which it is named.
- .....**DREAM**—A fine, deep lavender, turning to purple (Mallow Purple) a new, desirable shade in Zinnias.
- .....**PURPLE PRINCE**—A fine, deep purple (Rhodanthe Purple) large and well-formed. (New.)
- .....**POLAR BEAR**—A very large pure white, the best white yet seen in Zinnias. True Dahlia form.
- .....**BUTTERCUP**—An immense deep creamy yellow. A very desirable flower, which should be included in every collection.
- .....**CANARY BIRD**—A delicate shade of primrose—very large and holds its color well until out of bloom.
- .....**SPECIAL GOLD MEDAL MIXTURE**—

	Per. oz.	Per ¼ lb.	Per lb.
A well blended mixture containing all the above novelties.....	1.50	4.50	15.00

- .....**ALL COLORS MIXED**—While this mixture may not contain such a variety of colors as the Special Mixture, its color range is very good; it has been thoroughly rogued in the field for type and size of flower.....
- |  |      |      |       |
|--|------|------|-------|
|  | 1.00 | 3.00 | 10.00 |
|--|------|------|-------|

## ZINNIAS—Continued

### PICOTEE TYPE

The Picotee Zinnia, introduced by us in 1919, differs from other types in that each petal is outlined by a contrasting color which harmonizes with the body of the flower. The form and color range are similar to the Giant type, but the size is between the Giant and Pumila types. They are useful to provide variety in that portion of the garden devoted to Zinnias, but they are especially adapted for use as cut flowers. They reproduce about 70% true.

	Per ¼ lb.	Per lb.
.....Golden Pheasant—Gold ground tipped with maroon .....	3.00	10.00
.....All colors mixed, including new colors from white to scarlet.....	2.50	8.00

### QUILLED TYPE

.....Victory Choice Mixed—including several new colors; this variety has been greatly improved in size and range of color this year .....	2.50	8.00
.....Achievement, Mixed .....	2.50	8.00

### GIANT MAMMOTH TYPE

.....Lemon Queen .....	2.50	8.00
.....Orange King .....	2.50	8.00
.....Orange Queen .....	2.50	8.00
.....Purity .....	2.50	8.00
.....Rose Queen .....	2.50	8.00

In presenting the above type we offer a rare collection of striking and desirable colors. We have overcome the objectionable feature of the old Giant type; that is, the conical shape, our new Giants having smaller centers and more loosely placed petals, while the size of the flower has been notably increased over the Giant Plenissima. The petals are decidedly imbricated and the flower from bud to full bloom presents a graceful appearance.

ORANGE KING is a striking shade and can be compared favorably with the color of the Calendula from which it takes its name.

LEMON QUEEN is of immense size and a color that is most pleasing. The petals are light canary on the upper and cerise on the lower side, the two shades blending as the flower develops, making a variety of lemon tints. It is also unique inasmuch as it carries a pleasant odor. This characteristic is not to be found in other Zinnias. In short, it is "delightfully different" and worth listing.

## ZINNIAS—Continued

### Giant Mammoth Type (Continued)

ORANGE QUEEN, while not so dark an orange as Orange King, is a very striking shade quite different from any orange offered by us before and quite indispensable for a complete collection.

PURITY, like the Polar Bear, Dahlia Flowered type, is a clean white. It has lost the greenish tint that has made white Zinnias unpopular in the past.

ROSE QUEEN: This flower opens first as bright rose with a deep rose red center and gradually develops into a warm deep rose when in full bloom. Unquestionably this is the most pleasing of the set for size and form as well as color and has been a favorite with all visitors in the past season.

### DOUBLE GIANTS

#### (Improved Grandiflora Robusta)

.....Mixed, per 100 lbs., \$80.00.....	.50	1.50

### Extra Early Double Crested or Anemone Flowered

We have now succeeded in producing an extra early strain of the Double Crested, which are just as beautiful as the late, and come into flower as early as the Extra Early Singles. Highly recommended.

## BULBS

We expect to have for sale after harvest this season, bulbs as listed below. All will be first-class, top-size bulbs, merchantable in every respect. Prices will be at the current market rate, and will be announced a little later in the season. If you are interested in placing orders for any of these bulbs, we solicit your correspondence.

### Amaryllis

.....Belladonna .....	.....
.....Hybrids of Vittata Improved Strain.....	.....

### Calla Lilies

.....Godfrey Everblooming. First size.....	.....
.....Godfrey Everblooming. Mammoth.....	.....
.....White (Aethiopica), 1 ¼ to 1 ½ in. diameter.....	.....
.....White (Aethiopica), 1 ½ to 1 ¾ in. diameter.....	.....
.....White (Aethiopica), 1 ¾ to 2 in. diameter.....	.....
.....White (Aethiopica), 2 to 2 ½ in. diameter.....	.....
.....Yellow (Elliottiana), 1 ¼ in. diameter up.....	.....

### Freesias

.....Aurora .....	.....
A large flowering yellow suffused with orange.	
A variety which has many admirers.	
.....California .....	.....
A large flower of a bright golden yellow, extra strong fine growth and long stems. One of the very finest yellow Freesias.	
.....Carmencita .....	.....
A beautiful light orange-salmon hue with buff shading on the lower petals. Long wiry stems.	
.....Carrie Budan .....	.....
Lavender pink, a great improvement over Gen. Pershing, larger flowers and heavier stems. An enormous grower and producer.	
.....Ilena .....	.....
Deep rosy lavender with white throat, deep orange blotch on lower petal and good stiff stems. Flowers large and very attractive.	

## BULBS—Continued

.....June Michelsen .....	.....
Large flowering deep rose pink with light blush throat; three lower petals are veined purplish crimson with a deep yellow blotch on center petal. Good stiff stems and strong constitution. A variety of special merit.	
.....Olivette .....	.....
Bright carmine red with yellow throat, lower petals having a deep yellow blotch with crimson veins. Very profuse bloomer.	
.....General Pershing .....	.....
.....Orange .....	.....
Purity. First size, $\frac{1}{2}$ to $\frac{5}{8}$ inch.....	.....
Purity. Mammoth, $\frac{5}{8}$ to $\frac{3}{4}$ inch.....	.....
Purity. Monster, $\frac{3}{4}$ to $\frac{7}{8}$ inch.....	.....
Purity. Jumbo, $\frac{7}{8}$ to 1 inch.....	.....
.....Splendens .....	.....
.....Yellow .....	.....
.....Rainbow Mixture .....	.....

### IRIS

#### Filifolia

.....Imperator, deep blue, very large.....	.....
.....Celestial (new), deep blue.....	.....

#### Dutch

.....Hart Nibrig, clear blue.....	.....
.....Hobbema, primrose, blue standard.....	.....
.....Huchtenburg, deep yellow with pale tan standard.....	.....
.....Rembrandt, deep blue.....	.....
.....Van-Everdingen, yellow .....	.....
.....Anton Mauve, pearl blue.....	.....
.....David Teniers, yellow and blue.....	.....

#### Spanish

.....Ophir d'Or (new), deep yellow, long-stemmed.....	.....
.....Belle Chinoise, deep yellow.....	.....
.....Sophic Jaffee, primrose.....	.....
.....Flora, lavender, big flower.....	.....
.....Excelsior, clear blue (late).....	.....

.....Good Mixture .....	.30	1.00	3.50

## Mammoth Early Branching Nice

This variety is now recognized as the most valuable of all Stocks for cutting purposes and the most popular for general use.

If sown early, they come into flower as early as Dwarf Ten Week varieties; the flowers are larger, and the branching habit renders them invaluable for florists.

.....In Separate Colors.....	1.25	4.00	12.00
.....ABUNDANCE, pale crimson rose

# CONTRACT FOR 1925 CROP

....., 1925  
Between JOHN BODGER & SONS CO., Los Angeles, California

And.....

.....

JOHN BODGER & SONS CO. agree to plant sufficient land under normal conditions, ordinarily to produce the amount of seed named hereafter, at prices indicated, and will deliver the seed in merchantable condition at nearest terminal point in California as soon as practicable after harvest.

We reserve the right to advance any or all prices in this list on orders received after May 1st, 1925.

JOHN BODGER & SONS CO. will accept contracts only as long as the condition of the crops is favorable enough to justify their accepting same, but in event of short crops will fill pro rata only.

Bags or containers will be charged at market value.

TERMS: F.O.B. California terminal, flower and vegetable seeds, 60 days net or 2 per cent discount for cash within 30 days from date of invoice. Beans, sight draft against bill-of-lading. All overdue accounts subject to sight draft without further notice.

NON-WARRANTY. We give no warranty, express or implied, as to purity, description, quality, productiveness or any other matter of any seeds or bulbs we send out, and we will not be in any way responsible for the crop. We quote subject to immediate acceptance, stocks unsold, confirmation of orders, stenographic errors and omissions, delays and contingencies beyond our control.

If our goods are not accepted on these terms, we should be notified at once.

Our seeds have been selling on their merits for the past thirty-one years, and by observing the steadily increasing demand for them, we believe they have given general satisfaction. We are always glad to receive comments of any kind from our customers, and will give the same our careful attention.
